REQUIREMENTS FOR MOBILITY

Participants of the mobility

To apply for the mobility, candidate must be an active student of the University of Gdańsk on the day of applying for the recruitment process and the planned mobility. Applicants are not allowed to be on any type of leave.

The participant's declared English language level is a minimum of B1.

Recruitment

All applicants are required to fill out a special registration form:

<https://forms.office.com/e/Nr5ZKCJFH8>. One of the components of the form is a cover letter justifying the choice of mobility which should serve to enhance competencies. **The form must be completed and submitted by March 16th, 2025.**

The order in which funding is granted depends on the total number of points obtained – applications with higher points will be given priority in the allocation of funding and will be processed according to the ranking list.

To qualify for the mobility, applicants must submit a complete set of required documents and meet the mobility requirements (**in particular, confirmation of abstract acceptance by the organizers is required**). Funding has been allocated for five participants (4 papers, 1 poster).

Recruitment criteria

	Formal criteria	Achieved
1	student status	
	initial English language level: minimum B1	
	abstract accepted by the ZORH scientific committee	
	complete application	
	Merit criteria	Scoring
2	evaluation of the cover letter justifying the choice of mobility which should serve to enhance competencies	0-5
3	compatibility of the thematic scope of the mobility with the implemented study program	0-5
4	compatibility of the thematic scope of the mobility with the thesis written or being written in the realized/executed field of study	0-5

Recruitment results

The committee responsible for verifying and evaluating the applications is required to prepare a ranking list, divided into qualified, reserve, and non-qualified candidates. All participants will be individually informed about the results via email by March 18th, 2025. The list of successful candidates will also be available on the website <https://sea-eu.ug.edu.pl/aktualnosci/>.

RULES FOR PROVIDING SUPPORT

Financial support may be granted for the mobility period from April 9th–11th, 2025, plus two days for travel. The funding will be paid as a lump sum of approximately 3875 PLN and will cover travel expenses, accommodation, and allowances.

Documentation before mobility

Those who are qualified to participate in the mobility must complete the following:

- an online pre-test to assess the participants' level of knowledge and skills in the subject matter covered by the conference before starting the course,
- registration on the NAWA platform to confirm the participant's eligibility for the project.

Documentation after mobility

Those who complete the mobility are required to:

- fill out an online post-test to measure their knowledge and skills after the course is completed,
- provide the original certificate confirming their stay at the partner university.

Completion of mobility

Those who, according to the test, have improved their competencies during the mobility will receive a certificate.
